

That the FCC should not implement
any proposal that would lessen
Indiana's Telephone Privacy law
protections.

--How Indiana's Telephone Privacy law
has improved my time at home. I use to receive 20 or so telemarketing calls a
day now I receive 0 thanks to our law. I can enjoy my quite time and like having
a phone now, receiving calls I only want to receive. Please do not change our
rules. I think each state should be allowed to make their on rules regarding
their telemarketers. With some guidance from you. thank you for take our
concerns into consideration. God Bless.
